

Mr Phillips

Year 3 is an exciting year at Moorlands you start a brand new school and learn the new routines.

My favourite subject is Computing; I also lead this subject at school. We are fortunate to have lots of computers to learn with at Moorlands

I have taught at Moorlands for seven years and I enjoy teaching and getting to know my class.

I enjoy teaching English and I enjoy sharing stories. My favourite author is Alex T Smith. He writes stories all about Claude and Sir Bobblysock.

I enjoy maths, especially the challenge of problem-solving and playing on Times Tables Rockstars.

We use **Class Dojo** to show photos of what we do at school. It's a great way to share with all your fantastic work with your parents.

In Year 3, we will learn about: Britain, the Stone Age to the Iron Age, and Egypt.

I am learning to speak Spanish and I am passionate about technology. Before teaching, I was a software Engineer and even helped to develop a Fifa game.
