## Foreword by Miss Alison Kelly, Headteacher

Here at Moorlands Junior School the commitment to safeguarding and promoting the welfare of children is everyone's responsibility and is a constant high priority of the school. All adults in school (staff, coaches, volunteers and governors) are committed to developing and maintaining a 'culture of vigilance'. They are proactive - ensuring signs and symptoms of abuse or neglect are identified and reported promptly. The school is alert to ensure that the opportunity for those wishing to cause harm to children is drastically reduced. Staff are trained to maintain an attitude of 'it could happen here' and children are directly taught about how to share their worries and fears. In order to fulfil this responsibility effectively, we adopt a child-centred approach. This means that we consider, at all times, what is in the best interests of the child.

### Purpose and principles

The purpose of this document is to ensure that all stakeholders are aware of the arrangements that Moorlands Junior School have in place for safeguarding and promoting the welfare of its pupils/students. It provides guidance to help staff who may have concerns about the safety or welfare of a child, and sets out the school's position in relation to the safeguarding process.

This policy:

- has been written in line with the Department for Education (DfE) statutory guidance – Keeping children safe in education, September 2020, and any other relevant UK legislation and government guidance.
- applies at all times when the school is providing services or activities directly under the management of Moorlands Junior School staff.
- is publically available on the schools website, and a printed copy can be made available via the school office.

This policy is consistent with all other policies adopted by the Governors and should in particular be read in conjunction with the following policies relevant to the safety and welfare of children:

- Anti-Bullying Policy
- Behaviour Management Policy
- Staff Code of Conduct
- Online Safety Policy
- Whistle blowing Policy

All staff working in this School (including visiting staff, volunteers and students on placement) are required to report instances of actual or suspected child abuse or neglect to the Designated Safeguarding Lead who is a member of the school's leadership team. This person has the appropriate status and authority within the school to carry out the duties of the post.

The Designated Safeguarding Lead is also the first point of contact for external agencies that are carrying out Child Protection investigations and safeguarding enquiries.

The Designated Safeguarding Lead co-ordinates the schools representation at multi-agency meetings relating to safeguarding to ensure information is effectively shared between agencies. The DSL is also responsible for their schools contribution and commitment to any plans, team around the family and core groups or other assessment. These meeting include:

- Team around the Family Meetings (Early Help)
- Social Care Strategy Meetings
- Child in Need Meetings
- Initial Child Protection Conferences
- Review Child Protection Conferences

The Designated Safeguarding Lead will also ensure the submission of written reports for relevant multi-agency meetings (relevant meetings named above).

When an individual concern/incident is brought to the notice of the Designated Safeguarding Lead, they will be responsible for deciding whether or not this should be reported to other agencies as a safeguarding issue, or whether a single agency response would be more appropriate and proportionate (Early Help – Level 2 of the Level of Need).

If the school identifies emerging needs or if emerging needs are identified by other professionals, and/or the family themselves and the school is best placed to provide a single agency response to the presenting need(s), we will do so under the banner of Early Help. We will utilise our internal support network of and document the Early Help provided on our own internal systems CPOMs. This is just for cases that are at Level 2 of the Level of Need<sup>1</sup>.

<sup>1</sup> The Trafford Strategic Safeguarding Partnership Level of Need is a document that provides a useful guide for professionals to determine what level of service provision is appropriate and proportionate, based on the individual child and family's needs - [Level of Need document](#)  
Template Safeguarding & Child Protection Policy for Schools

When engaging other services outside of our school to form part of a Team around the Family, we will utilise Trafford's Early Help Assessment<sup>2</sup> to ensure this is formalised in a consistent way for all agencies involved at that point. Where necessary the school will complete an Early Help Assessment to identify specific needs that require the assistance of other services outside of the school.

Arrangements are in place to ensure that at least one person who is a trained designated safeguarding lead is available when children are taking part in school led activity, this includes before and after school clubs and other extra-curricular activities, both during and out of term time.

If a child is in immediate danger, contact will be made with the police via 999.

If a child is identified as a Child in Need or a child at risk of or being subjected to significant harm, a referral will be made to Trafford Children's First Response<sup>3</sup> via the online referral form.

Whilst any professional can make a referral to children's social care, in school we expect all staff where practically possible to always discuss their concerns with the designated safeguarding lead first to ensure all information is coordinated and held in one central point. If staff need to make a referral as a matter of urgency they are expected to feedback to the designated safeguarding lead as soon as practically possible thereafter. All relevant contact details for children's social care are shared with staff via our staff safeguarding notice board, in their induction and in Appendix 4 of this policy.

All verbal conversations that take place regarding safeguarding concerns will promptly be recorded in writing on CPOMS.

## Covid 19 Pandemic

The effects of the Covid 19 pandemic have had far reaching consequences, especially on the way that schools function. In light of the way our setting has operated throughout the national lockdown and afterwards, an addendum to our Safeguarding and Child Protection Policy has been applied and will continue to be in place until such time as we return to business as usual. The addendum to the policy was written following the Government advice and providers should keep up to date with the latest advice and have regard to the UK Governments '**Restricting attendance during the national lockdown: schools Guidance for all schools in England**'<sup>4</sup>. The addendum can be found in appendix 9 in this document. It was formally agreed by the Governing Body on 2<sup>nd</sup> June 2020.

## Creating a Safeguarding Culture

It is important to us at Moorlands Junior School that all children feel safe and supported in our setting.

Safeguarding is our priority across all aspects of our work and our policy underpins the rigorous practice that takes place in the school to best protect our students, and staff.

All staff are aware of the categories of abuse, which are:

<sup>2</sup> Trafford's Early Help Assessment is an assessment of emerging and existing needs of a child and/or their family to ascertain their strengths and development needs, in addition to forming an action plan to manage any risk and to deal effectively with the emerging and/or existing needs to ensure they have the best possible outcome without the need to escalate to statutory services.

<sup>3</sup> Trafford Children's First Response is the Front Door to Children's Services in Trafford Council. It comprises of Children's Social Care, Intensive Family Support, Police, Health and Mental Health, IDVA support and a Specialist Education Practitioner.

<sup>4</sup> [Restricting attendance during the national lockdown: schools Guidance for all schools in England'](#)

The definitions of which can be found in the glossary, and signs and symptoms of the four categories of abuse can be found in Appendix 3.

Staff are also made aware of other key safeguarding topics that, these are:

Bullying & Cyberbullying	Child Sexual Exploitation	Children with SEN and/or disabilities	Contextual Safeguarding
Criminal Exploitation <i>'County Lines'</i>	Domestic Abuse	Early Help	Female Genital Mutilation
Gangs & Youth Violence	Hate	Peer on Peer Abuse	Preventing Radicalisation & Extremism
Private Fostering	Relationship Abuse	Sexting	Trafficking

The definitions of the above can be found in the glossary. Information and learning relating to the above topics is made available in school, but staff are also encouraged to undertake their own learning. More information in relation to staff training etc. can be found in the 'Staff learning and development' section of this policy.

Additional to the above, Moorlands Junior School recognises the significant impact domestic abuse can have on children and young people, therefore we have signed up to Operation Encompass.

Operation Encompass is an agreement between Greater Manchester Police and schools within Trafford. This agreement facilitates the sharing of information relating to domestic incidents where children live or frequent. A flowchart explaining the process for sharing information through Operation Encompass can be found in Appendix 1.

Child Sexual Exploitation (CSE) is also a key safeguarding topic, which all staff are aware of and report their concerns regarding CSE via the schools normal reporting channels. The definition of child sexual exploitation can be found in the glossary. Signs and symptoms of child sexual exploitation can be found in Appendix 5.

Staff are directed to the NSPCC's website for guidance on signs and symptoms of Female Genital Mutilation (FGM) - [NSPCC website](#). The school recognises and adheres to its mandatory duty to report any suspected or known cases of FGM about a female under 18 years old to the police.

If a member of staff becomes aware of a private fostering arrangement they will notify the Designated Safeguarding Lead or their deputy as soon as possible. All known or suspected Private Fostering Arrangements will be reported to children's social care in the area where the child resides. Private Fostering is defined in the glossary.

All cases of known or suspected 'Honour-based' Abuse will be reported via the schools normal channels and the appropriate professional advice sought and external referrals completed.

Incidents of peer-on-peer abuse may need to be dealt with in various ways. Incidents of bullying will be dealt with via the schools anti-bullying policy and/or behaviour policy. Incidents which take place outside of school may need to be addressed in school however the school are clear that where professional advice needs to be sought from external partners, it will be. The schools Designated Safeguarding Lead will consult children's social care on matters relating to the safety and welfare of a child and will consult the police in respect of matters relating to a possible crime.

In respect of sexual violence and sexual harassment between children, the school takes a proactive approach to prevent such incidents from taking place. We incorporate healthy relationships, people who help us, British values etc. in to our Personal, Social, and Health Education (PSHE), Relationship Education and Science curricula. Other opportunities include: whole school assemblies; activities throughout Anti-bullying Week; visits to school by the police; visits by Year 6 to "Crucial Crew" organised by Child Safety Media Ltd; NSPCC workshops (aimed at Year 5 and 6) and NSPCC assemblies for all year groups are completed on a two year rotation basis. In Computing, children participate in regular online safety learning sessions, at the start of a new unit of learning, which are supplemented by participation in Safer Internet Day. Parents are informed about current online safety issues via Class Dojo messages, emails or in our weekly newsletters; parental workshops have been delivered by external agencies/charities.

When incidents of sexual violence and sexual harassment occur the schools response is ultimately decided on a case-by-case basis, with the designated safeguarding lead (or a deputy) taking the lead role, using their professional judgement and being supported by other agencies, such as children's social care and the police as required to put a proportionate and supportive package of care in place for those affected.

The school adopts the UK Council for Child Internet Safety guidance 'Sexting in schools and colleges: Responding to incidents and safeguarding young people' in respect of our response to sexting. This guidance clearly sets out how to handle incidents, should they occur and what preventative steps can be taken to educate young people. This guidance can be found in Appendix 6.

All staff are expected to refer to HM Government guidance 'What to do if you're worried a child is being abused – Advice for practitioners' for further help in identifying signs and symptoms of child abuse and neglect. This guidance can be found in Appendix 3.

Robust systems have been established in school for dealing with safeguarding concerns. All allegations of abuse and neglect, whether suspected or known will be treated seriously and in confidentiality. All concerns are formally recorded using our CPOMs system.

All information is handled in accordance with the school's Information Sharing/Management Policy, which is written in line with HM Government guidance – 'Information Sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers, July 2018', and the 7 principles of information sharing within that document.

Throughout school, safeguarding is taught as part of our curriculum. We appreciate that whilst adults in school are working hard to keep children safe, children also play a large part in keeping themselves and their peers safe from abuse and neglect.

An age-appropriate curriculum is rolled out in school to build capacity amongst our students in their understanding of particular issues, and what actions they can take to be safe.

This includes 'Jigsaw' programme of study for all children on a weekly basis, dedicated teaching of on-line safety and additional programmes of study at an age-appropriate level of need.

Instances of children who are missing from education are dealt with under the schools children missing from education policy, which sets out the schools approach to tackling this issue, and the steps school will take when a child has poor attendance and/or are regularly missing.

To assist with the above and other incidents, the school will request two emergency contacts for each child to ensure school have other means of contacting a key adult, should one be unavailable for any reason.

The school takes an active stance on meeting the duties placed upon them by the Counter Terrorism and Security Act 2015 (The Prevent Duty), and we have created a culture which embraces the fundamental 'British values'. To ensure compliance with the Prevent Duty, the school:

- Ensure staff are able to identify children who may be vulnerable to radicalisation, and know what to do when they are identified
- Build resilience and capacity in the students by promoting the fundamental British values and enabling them to voice and challenge views in a safe space

The school understands that children with special educational needs and disabilities can face additional safeguarding challenges, and staff constantly challenge their own thought process in scenarios like this. This is to ensure that additional difficulties aren't straight away related to the special educational need or disability, and that staff are considering the risk of abuse or neglect just as much.

## **Staff learning and development**

Learning about safeguarding is given a high priority at Moorlands Junior School. Expertise is extended effectively and internal capacity is built up through performance management. Managers ensure that all staff regularly undertake a comprehensive range of learning to promote safe practice in classrooms, around the school and off site.

All new staff to the school have a comprehensive induction, this includes reading and understanding:

- Information sharing: advice for practitioners who are providing safeguarding services
- Part one and Annex A of 'Keeping children safe in education 2019'
- School Behaviour Policy
- School Policy for Children Missing from Education
- Staff Code of Conduct
- This Safeguarding & Child Protection Policy
- 'What to do if you're worried a child is being abused' guidance

Designated staff are trained in specialist areas of work, such as:

- Designated Safeguarding Lead
- Mental Health Champion
- Domestic Abuse Champion etc.
- Designated Teacher for Looked After Children

A variety of learning materials on safeguarding are made available in school to ensure staff continually develop their understanding and practice around safeguarding, these include:

- TSSP Termly Safeguarding in Education Bulletins
- TSSP Multi-Agency Learning and Development Programme
- Leaflets
- Mentoring
- Online learning
- Posters in the staff room detailing referral processes and key topics
- Shadowing
- Staff handbook
- Staff induction pack
- Standing agenda item staff meetings

- In-house training
- Video
- Workbooks
- NSPCC (monthly) and Andrew Hall (weekly) email updates for staff and governors

All learning and training is documented as part of the member of staff's personnel file, which also helps us map learning needs across the staff team for further development. A checklist is used as part of the induction process, and thereafter in the performance management process to ensure all compulsory learning has taken place. A blank copy of this form can be found in Appendix 7.

Safeguarding is always re-visited at least on an annual basis in staff performance management sessions, to ensure they are as confident and competent in carrying out their safeguarding responsibilities as they possibly can be.

All training events are offered out to all volunteers working in school and the governing body, to ensure they too have the opportunity to understand the processes and practices as they apply in the school.

As and when required, other external agencies may be consulted to assist with staff learning and development.

## Safer Recruitment

Senior managers and the governing body ensure that stringent recruitment and vetting procedures are in place for staff and other adults, and that nobody commences work unless all necessary checks are complete to a satisfactory level. The same rigour is applied when appointing volunteers.

Checks undertaken include:

<ul style="list-style-type: none"> <li>• Enhanced Criminal Records Bureau Check</li> </ul>	<ul style="list-style-type: none"> <li>• Barred List Check (if working regulated activity)</li> </ul>
<ul style="list-style-type: none"> <li>• Two professional references</li> </ul>	<ul style="list-style-type: none"> <li>• Establish confirmation of physical and mental fitness for the role</li> </ul>
<ul style="list-style-type: none"> <li>• Identity confirmation</li> </ul>	<ul style="list-style-type: none"> <li>• Confirmation of right to work in the UK</li> </ul>
<ul style="list-style-type: none"> <li>• Qualification check</li> </ul>	<ul style="list-style-type: none"> <li>• Confirmation of professional registration (if appropriate)</li> </ul>
<ul style="list-style-type: none"> <li>• Staff suitability declaration (if appropriate)</li> </ul>	<ul style="list-style-type: none"> <li>• Prohibition from teaching check (only if employed as a teacher)</li> </ul>
<ul style="list-style-type: none"> <li>• Overseas police checks (if appropriate) follow the right government guidance following the UK's exit from the European Union <a href="#">Government website</a></li> </ul>	

A member of the senior leadership team will take responsibility for ensuring that all relevant checks are carried out and documented on the schools single central record. Supporting evidence for recruitment checks is included in the staff member's personnel file.

Some of our senior leaders and governors have completed safer recruitment training. At least one member of every interview panel for a position in the school (paid or voluntary) will have completed safer recruitment training. This training is refreshed when appropriate.

Where children are involved in the recruitment process e.g. to conduct an interview, they are briefed for this role and the need to treat information confidentially.

All contracts with supply agencies are specific about what checks need to be complete before any individual commences work at the school, and that they will be expected to present identification upon arrival.

More information can be found in Appendix 2 relating to when a barred list check would be carried out.

References will always be sought before confirming a person's appointment, these will be written and about previous employment, this will check that information is not contradictory or incomplete. At least one reference will be from the candidate's current employer. When a candidate is not currently employed, verification of their most recent period of employment and reasons for leaving should be obtained from the organisation where they were employed.

## **Managing allegations against professionals who work with children**

An allegation is any information which indicates an adult who works with children and young people under 18 (paid or voluntary staff) may have:

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against or related to a child;
- Behaved towards a child or children in such a way that indicates he or she may pose a risk of harm to children; or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children.

This applies to any child the member of staff has contact with in their personal or professional life.

All staff are reminded of the schools Whistleblowing Policy, which may be found in the staff share drive and on the school website.

The NSPCC whistleblowing details are at Appendix 4.

Allegations regarding members of staff at Moorlands Junior School must be reported immediately to the headteacher, or in their absence the deputy headteacher. The designated safeguarding lead will talk through your concerns even though you may feel uncomfortable doing this in relation to a colleague. In addition if you feel you may be at risk of an allegation then self-report the issue as you may find yourself in a difficult situation.

Any allegations concerning the headteacher should be referred to the Chair of Governors, using the contacts details set out in the key information section of this policy.

Concerns that meet the above criteria will be referred to the Local Authority Designated Officer (LADO) within one working day. Contact details for the LADO for Trafford can be found in Appendix 4.

Initial discussions with the LADO will consider the nature of the allegation and next steps.

Whilst the setting does not directly employ supply staff, we will ensure allegations are dealt with properly. In no circumstances will our setting decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the local authority designated officer (LADO) to determine a suitable outcome. The Governing Body will ensure discuss with the agency take place as to whether it is appropriate to suspend the supply teacher, or redeploy them to another part of the school, whilst they carry out their investigation.

The setting will usually take the lead because agencies do not have direct access to children or other school staff, so they will not be able to collect the facts when an allegation is made, nor do they have all the relevant information required by the LADO as part of the referral process.

## Controlling access to school premises

Schools can bar someone from the premises if they feel that their behaviour poses a risk to staff or pupils. It's enough for a member of staff or a pupil to feel threatened.

The school should tell an individual that they've been barred or they intend to bar them, in writing. Letters should usually be signed by the headteacher, though in some cases the local authority may wish to write instead. The individual must be allowed to present their side.

A school can either:

- bar them temporally, until the individual has had the opportunity to formally present their side; or
- tell them they intend to bar them and invite them to present their side by a set deadline.

After the individual's side has been heard, the school can decide whether to continue with barring them. The decision will be reviewed within a reasonable time, decided by the school.

The Department for Education (DfE) does not get involved in individual cases.

We don't knowingly allow any person on to school grounds who:

- is a convicted sex offender, subject to the notification requirements of the Sexual Offences Act 2003; or
- is subject to a Risk of Sexual Harm Order, Sexual Risk Order or Child Abduction Notice.

If you don't disclose relevant information relating to the above about yourself, and it later becomes known to us, we reserve the right to require that you leave the school site.

### Trafford Strategic Safeguarding Partnership Level of Need

Level		Description: At this level the child or family...	What Needs to happen next?	Assessment Required Referral Process
Universal	Level 1	...is thriving without requirement for additional support and all needs are being met by universal services, for example Health Visitor, School Nurse, Dentist or School.	Ensure that all families are aware of the Family Information Service and are registered with Education and Training providers, Health Services and Community Groups.	Use of Trafford Directory
Early Help / Prevention	Level 2	...may require or would benefit from additional input or support from an agency/agencies.	When a child begins to display emerging needs requiring additional support, services already working with the child should support the family by undertaking an assessment and develop an Outcome Plan. This will identify support from within the local community or a specific intervention.	Assessment required for example Early Help Assessment. Referral Form for specific agency
Intensive Family Support	Level 3	...are experiencing multiple and/or complex needs. The family is struggling to effect change without the support and intervention of services. There is a need for a greater level of support including regular home visits.	If a child or family's issues are more complex and cannot be managed within the community and the family consent, additional support can be sourced through Intensive Family Support. This would include support in the home, pulling in multi-agency partners who are, or need to be, involved with the child and family in order to achieve a positive outcome	Early Help Assessment; which will be required when referring for Intensive Family Support.
Child In Need	Level 4	...is unlikely to achieve or maintain a reasonable standard of health or development without the provision of services. The child's health or development is likely to be significantly impaired, or further impaired without the provision of additional services; or the child is disabled.	As the child and family's issues continue to escalate or if interventions are not working and it is felt that the needs cannot be met without the intervention of social care.  There should be a sound record of interventions and support offered previously by services to highlight why social intervention is required.	Child and Family Assessment. Referring agency to complete referral.
Child Protection	Level 5	...is at risk of or suffering significant harm and is in need of help and protection. Has a high level of unmet and complex needs requiring statutory interventions.	These children require immediate social care intervention to ensure continued safety and positive development and to prevent significant harm. This may lead to them becoming subject to a Multi-Agency Child Protection (CP) Plan or becoming Looked After. Any child subject to a CP Plan or Looked After will have social care intervention already in place.	Child and Family Assessment. Referring agency to complete referral.
