## Year 6 and Key Worker Places

We have had some requests for year six and key worker places this past week. Unfortunately, we are full in year six and are unable to take any more children. We understand that this may cause some distress, however, we have reached our capacity in the number of children we can accommodate under the current guidelines.

In terms of key worker places, we are working hard to support as many families as possible with their work arrangements. In order to help us do this, we are asking families to give as much notice as possible for the days and shifts required. Also, we are aware that some parents who work in education (namely out of Trafford or in secondary) may not need provision for the last week of our term. If this is the case, please can you let the school office know so we can allocate the place to a family who needs it.

Thank you.

Well done!

The task for this week was Mrs Norbury's Stem challenge which was to make a bug hotel and send your creations off to Blue Peter to try to win a Green Blue Peter badge. Please remember to send photographs of your bug hotels into school and let us know if you get a Blue Peter badge!

### September Wider Re-opening

Following the government guidance released last week we have been busy working out how to implement the guidelines in our school in order to minimise the risk to children, families and staff.

We can now confirm that if the current situation regarding COVID-19 remains, we will be opening school to all pupils in September, however, it is worth mentioning that the final decision will be made by the government on August 11th. We will be sending out our plans for September as soon as they are finalised and rest assured, we are also working on contingency plans should there be further lockdowns.
